Assembly Required

Kit includes all necessary components - top rail, vertical slats (2 sizes), mid rail, & bottom rail.

Refer to installation guide.

Bridgehampton Panel Kit - 2388 x 1200mm

CODE: PVC800 | WEIGHT: 19.85kg

- » Easy assembly flat pack kit
- » Durable white UV stabilised PVC with titanium dioxide additives
- » Elegant 38 x 38mm vertical slats with an open panel top in classic Hamptons style design
- » 2388mm width to suit 2450mm posts centres
- » Panels can be cut down to suit smaller post centre requirements
- » Bottom Rail includes Aluminium strengthening insert for greater rigidity

Fully Assembled Gate

Our fully assembled gate comes ready to use, with no assembly required & includes 400mm of aluminium re-inforcing within gate stiles for hinge and latch placement

Bridgehampton Gate - 1000 x 1200mm

CODE: PVC950 | WEIGHT: 15.7kg

- » Fully assembled gate including 2 x gate stile caps
- » Aluminium reinforcing within stiles for hinge and latch placement
- » Durable white UV stabilised PVC with titanium dioxide additives
- » Elegant 38 x 38mm vertical slats with an open panel top in classic Hamptons style design

Fully Assembled Gate

Our fully assembled gate comes ready to use, with no assembly required & includes 400mm of aluminium re-inforcing within gate stiles for hinge and latch placement

Bridgehampton Gate - 1500 x 1200mm

CODE: PVC960 | WEIGHT: 20.5kg

- » Fully assembled gate including 2 x gate stile caps
- » Aluminium reinforcing within stiles for hinge and latch placement
- » Durable white UV stabilised PVC with titanium dioxide additives
- » Elegant 38 x 38mm vertical slats with an open panel top in classic Hamptons style design

Inline Post - Bridgehampton Range

CODE: PVC805

- » Inline post for straight fences
- » 1900mm Height x 102mm Width x 102mm Depth; Wall Thickness: 3.8mm
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Slotted holes on both sides for easy rail insertion
- » Top cap sold separately

Blank Post - Bridgehampton Range

CODE: PVC820

- » Blank post for use with panel brackets
- » 1900mm Height x 102mm Width x 102mm Depth; Wall Thickness: 3.8mm
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Blank posts can be used in conjunction with rail brackets when panel to panel rails do not line up
- » Top cap sold separately

End Post - Bridgehampton Range

CODE: PVC810

- » End post for start or end of runs
- » Suitable for use between stepping panels
- » 1900mm Height x 102mm Width x 102mm Depth; Wall Thickness: 3.8mm
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Slotted holes on one side for easy rail insertion
- » Top cap sold separately

Post Accessories & Rail Brackets

Slimline Post Cap

Suits 102 x 102mm Post

CODE: PVC905

- » Low Profile post caps
- » Suits 102 x 102mm Posts
- » Press on external fit cap
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection

New England Post Cap

Suits 102 x 102mm Post

CODE: PVC915

- » Decorative Hamptons style post cap
- » Suits 102 x 102mm Posts
- » Press on external fit cap
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection

Corner Post - Bridgehampton Range

CODE: PVC815

- » Corner post for 90° corner
- » 1900mm Height x 102mm Width x 102mm Depth; Wall Thickness: 3.8mm
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Slotted holes on both sides for easy rail insertion
- » Top cap sold separately

Decorative Cover Ring

Suits 102 x 102mm Post

CODE: PVC945

- » Decorative Hamptons style post cover ring
- » Suits 102 x 102mm Posts
- » Place on posts prior to installing panel kits
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection

Concealed Base Plate

Suits 102 x 102mm Post

CODE: PVC955

- » Internal fitting base plate suits End, Inline & Corner posts. Not suitable for use with Gate Posts
- » 6mm thick base plate with 2mm thick vertical walls
- » Cold-galvanized steel providing strong corrosion resistance
- » Not recommended for use in high wind load areas

Gate Post - Bridgehampton Range

CODE: PVC870

- » Includes internal 1.5mm thick aluminium insert entire length of post. Provides post rigidity and sturdy substrate for fixing of hinges & latches
- » 1900mm Height x 102mm Width x 102mm Depth; Wall Thickness: 3.8mm
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Slotted holes on one side for easy rail insertion
- » Top cap sold separately

PVC Rail Bracket

Suits 51 x 152mm Rail

CODE: PVC920

- » Suitable for use when affixing rails to walls or in combo with PVC end posts when stepping of panels is required.
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Fixings for screwing brackets to post or wall not supplied

PVC Rail Bracket

Suits 51 x 89mm Rail

CODE: PVC930

- » Suitable for use when affixing rails to walls or in combo with PVC end posts when stepping of panels is required.
- » White UV Stabilised PVC with titanium dioxide additives for enhanced protection
- » Fixings for screwing brackets to post or wall not supplied
